

# OUR COACHING Manifesto

A DEEPER, MORE COURAGEOUS

..... APPROACH TO COACHING .....

## MAKE IT A RELATIONSHIP

The real power of coaching comes from the trust and connection you are able to forge with each other.

## IT'S A PARTNERSHIP

Not something you do to someone, rather, something we do together.

## COACHING WORKS BEST

When you use your head, heart and soul.

## HAVE COURAGE

To work deeply with clients, creating safety to explore territory that can be unknown to both of you.

## ..... THERE'S ALWAYS A BIGGER PICTURE .....

Context is important. This starts with the personal and professional context your client is living in.

## KNOW YOUR PLACE!

As a coach, it's your role to facilitate your clients' learning, growth and choice. It is not for you to drive change or take charge.

## KEEP ON

## LEARNING & GROWING

- Knowing how to be with each new client is a dance, and we learn the steps with each new person we work with.

## GET HELP YOURSELF

HAVING SUPPORT AND SUPERVISION IN PLACE FOR YOU AND YOUR LEARNING WILL MAKE FOR GREATER FREEDOM FOR YOU AND SAFER, MORE EFFECTIVE COACHING FOR YOUR CLIENTS.
